

Amended Assembly Guide

This assembly guide has updated assembly steps found in the original manual to aid in machine assembly. Please discard this assembly guide after the machine is assembled.

CHAPTER 2: ASSEMBLY INSTRUCTIONS

TREADMILL ASSEMBLY STEPS:

STEP 2 Cable Connection:

a) Route the cable coming from the bottom of the pedestal through the zip tie on the lower control board. Connect the pedestal cable to the designated port on the lower control board. Tighten the zip tie to secure the pedestal cable in place.

Note: Route the cable toward the center of the treadmill to avoid damaging the cable.
